

Native vegetation landscaping permit application

For native vegetation greater than 800 square feet or greater or greater than 25 percent of parcel area, whichever is smaller.

Date: _____ New application Renewal

Name: _____ Owner Renter

Street address: _____

City: _____ State: _____ ZIP code: _____

Property ID number: _____ Legal description: _____

Home phone: _____ Cell phone: _____ Email: _____

Location of native landscaping (if different from above):

Project start date: _____

Please attach additional sheets if you answers to the below questions do not fit in the space/boxes below.

Explain the purpose/intent of native landscaping.

Site plan – Use the space below or attach a separate sheet to show lot lines, buildings and location of the proposed plantings. Clearly address any corner visibility requirements and right of way restrictions.

Planting plan – Include a complete list of species (Latin and common names) to be used.

Maintenance plan – Provide a complete maintenance plan, including mature height of all vegetation species and long-term maintenance requirements for each. *Species at maturity cannot exceed 6 feet. For prescribed burns, you must obtain a permit from the city fire marshal.*

Contact information – Provide names and address of the professional landscaping company hired to perform maintenance on the native vegetation, or the name, address and qualifications of person(s) who will be responsible for maintaining the native vegetation.

I have read and understand all applicable state statutes, city ordinances and other information included in this application packet. I certify that the information supplied in this application is correct. If granted this permit, I agree to comply with all regulations, limitations and conditions that apply to lawn maintenance in St. Louis Park. Permit must confirm to plan within 30 days or city nuisance ordinance will be enacted.
