

CODE BOOK FACT SHEET

2020 MINNESOTA PLUMBING CODE

Minnesota Department of Labor and Industry

2020 MINNESOTA PLUMBING CODE

- Regulates the design and installation of plumbing systems statewide for all buildings including new, additions, alterations, repair and replacement.
- Contains requirements for drain, waste, and vent systems, water supply and distribution systems, backflow prevention, water conditioning equipment, roof drainage systems, plumbing fixtures, materials and non-potable rainwater catchment systems.
- Minnesota Rules, Chapter 4714. The rule incorporates by reference Chapters 2 to 11, 16, and 17 of the 2018 edition of the Uniform Plumbing Code (UPC), and UPC Appendices A, B and I, with Minnesota amendments.

EFFECTIVE DATE

- The new amendments to the Minnesota Plumbing Code, Chapter 4714, are effective **Dec. 17, 2021**.
- The current Minnesota Plumbing Code remains in effect until then.

CODE BOOK

The 2020 Minnesota Plumbing Code book is published by the International Association of Plumbing and Mechanical Officials (IAPMO) for Minnesota in a single, reformatted custom code book. It incorporates Minnesota amendments and reads as a unified code book. It also includes Chapter 4716, Plumber Licensing and Apprentice Registration, and Chapter 1300, Minnesota Administration Code.

The 2020 Minnesota Plumbing Code is available for purchase in a soft-cover format or eBook. [Free online viewing is also available.](#)
