**RE: Public Hearing: Cedar Lake Road and Louisiana Avenue Improvements projects  
Tuesday, Jan. 17, 2023, 6:30 p.m., City Hall Council Chambers**

Dear Community Member:

The city council will hold a public hearing for the Cedar Lake Road and Louisiana Avenue Improvement projects on:

**Tuesday, Jan. 17, at 6:30 p.m.  
in the City Hall Council Chambers  
5005 Minnetonka Blvd, St. Louis Park, MN 55416**

For Cedar Lake Road, the city is planning for the private utility companies to start relocations as early as fall 2023. Most of the street construction on Cedar Lake Road will take place in 2024.

The city is planning for private utility relocations in the fall of 2024 or spring of 2025 for Louisiana Avenue. Louisiana Avenue construction will take place in 2025 and will include the construction of a roundabout at the intersection of Cedar Lake Road and Louisiana Avenue.

Since last January, the city has been engaging the public, seeking input and feedback regarding this project. Using this feedback, the city worked with a consultant to develop a preferred option. The project team will be presenting the details of the project along with the recommended designs to the city council. This information is posted on the "Cedar Lake Road and Louisiana Avenue Improvements" website: <https://bit.ly/RedoCedarLou>.

After the presentation, you will have an opportunity to speak to the city council regarding the preferred option for these projects. The city council will vote at the Feb. 6 city council meeting to approve the project as recommended or approve a modified project based on public feedback.

We encourage you to attend this public hearing. If you cannot make it but would still like to address the council, please provide me with your comments in a letter or email that will be shared with the city council. I can be reached by phone at 952.924.2552 or by email at [jshamla@stlouisparkmn.gov](mailto:jshamla@stlouisparkmn.gov). We look forward to working with you and your neighbors.

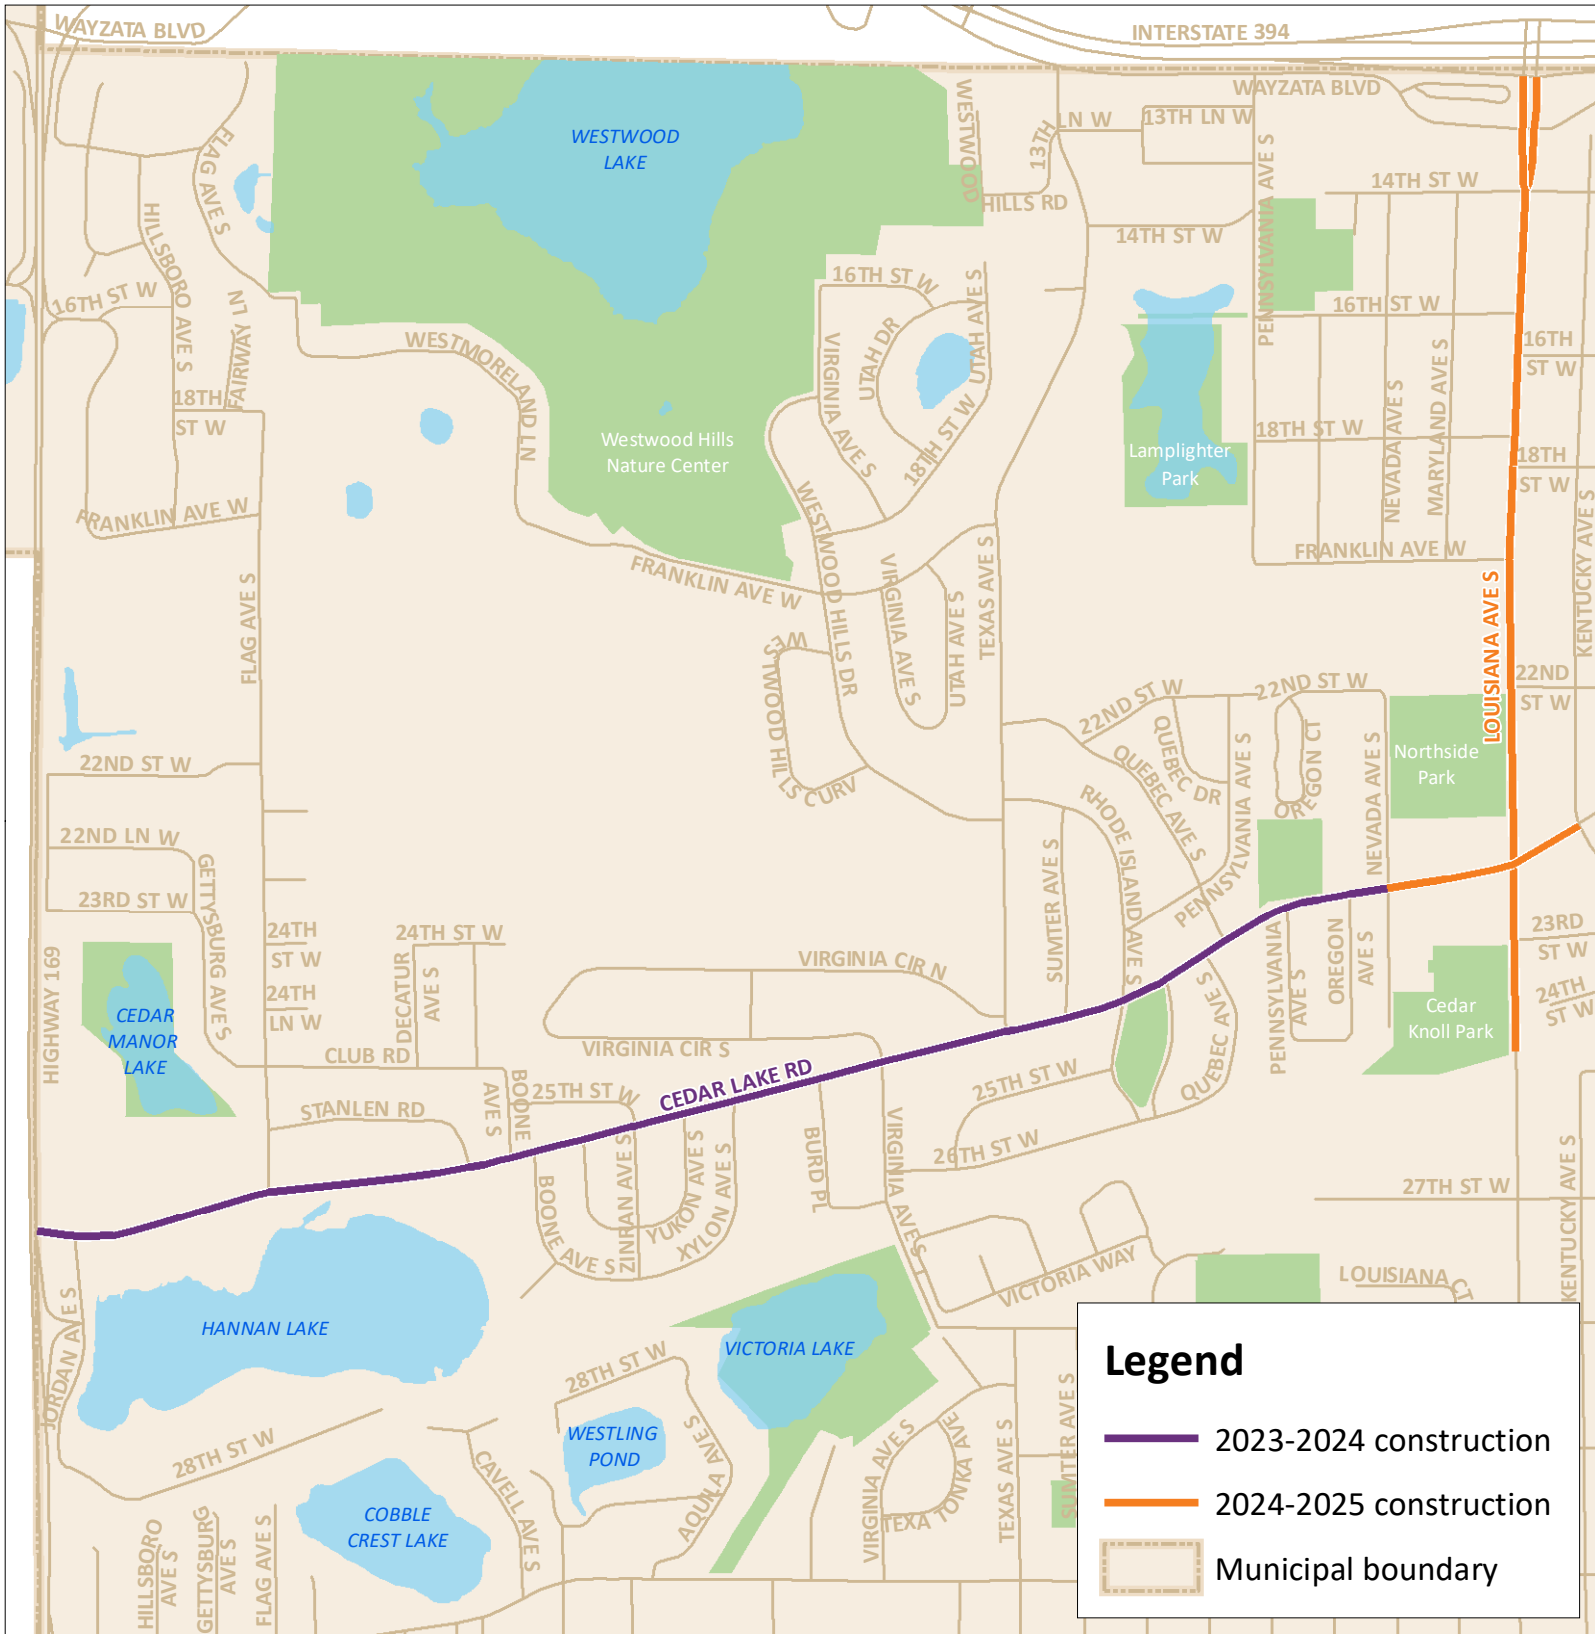

Sincerely, 

Joseph Shamla, P.E.  
Engineering project manager
