Specific description of work to be completed			
Permit will become void one year from date of issuance. Permits issued and inspections made by the city are a public service and do not constitute any representation, guarantee or warranty, either implied or expressed, to any person as to the condition of the building or conformance to applicable construction codes. The Undersigned			
acknowledges that this application has been read and that the above is correct and agrees to comply with all the ordinances and laws of the City of St. Louis Park regulating			
building construction. Some or all of the information that you are asked to provide on the application is classified by State law as either private or confidential. Private data			
is information which generally cannot be given to the public but can be given to the subject of the data. Confidential data is information which generally cannot be given to			
either the public or the subject of the data. Our purpose and intended use of this information is annually to update our records and records of other governmental agencies required by law. If you refuse to supply the information, the permit may not be issued.

## 2024 electrical permit fee schedule

(Fees shown are only valid for the year 2024; please call for fees in different years.)

Electrical permits for installation, replacement or repair shall be \$75 + 1.75% of the job valuation.

(State surcharge is .0005 times the job valuation. Call the St. Louis Park Building and Energy Department at 952.924.2588 for state surcharges on all permits valued at \$1 million or more).

When applicable, a plan review charge equal to 35 percent of the electrical permit fee will be added.

## **Exceptions:**

Installation, replace or repair of a single electrical appliance or device within a single-family dwelling is  $$75 + $1^* = $76$ .

Installation of a new traffic signal per location is  $$160 + $1^* = $161$ .

Installation of single family photovoltaic panels is \$150 + \$1\* =\$151.

\*State surcharges are calculated at \$1 for single item permits issued under this exception.
